

Advanced BIW

アドバンスBIW

Advanced BIW;

- To fabricate BIW prototype with hand work before formal drawing release.
- To judge with the actual sample and to pick up problems as many as possible at early stage.

アドバンスBIWとは:

- ・正式設計前にBIW プロトをハンドワークで試作し、
- ・早期に実物による判断をして、できるだけ多くの問題を早期に摘出する。

Amount of losses in design is squared as the time passes by.
